BRANCHING FROM THE PAST

The
235th Graduating Class
of
Governor Dummer Academy

presents....

The 1998 Milestone

Governor Dummer Academy
Byfield, MA 01922

Dedication

"You only make a once in a lifetime buddy, once in a lifetime."
~ Stimey

When you are old and grey and full of sleep,
And nodding by the fire, take down this book,
And slowly read, and dream of the soft look
Your eyes had once, and their shadows deep;
How many loved your moments of glad grace,
And loved your beauty with love false or true,
But one man loved the pilgrim Soul in you,
And loved the sorrows of your changing face;
And bending down beside the glowing bars,
Murmur, a little sadly, how Love fled
And paced upon the mountains overhead
And hid his face amid a crowd of stars.
~ William Butler Yeats,
"When You Are Old"

The rain falls incessantly from the dark sky above. The students, cloaked in heavy rain jackets, dash in and out of buildings to escape, as if they would melt from the showers. They take shelter in the warm comfort and spend little time away from it. The outside world is free from the normal chatter and the slightest sounds echo in the abyss of fog. The campus appears deserted. However, one man strolls down the sidewalk, seemingly untouched by the rain. With his umbrella as his only protection, he walks, savoring the rain's sweetness. This is his manner; he is calm and deliberate in all his actions, yet unafraid of his emotions. He teaches with a passion that reaches deep into his students' hearts and minds. Serving as a dorm parent since he was first appointed in 1985 has allowed him to build a special bond with the students in his care. He also coached lacrosse for several years, allowing for yet another connection to the community. He is the definition of a caring and involved teacher. Often taking the time to discuss students' problems at length, he is unable to walk by an upset student without pausing to inquire about his or her welfare. His informal demeanor sets everyone around him at ease. He could easily take the position as "most extracurricular." On campus, his work with the Drama Program has set new standards for our productions. Moreover, he insures that our exposure to the theatre continues off-campus as well by performing miracles, allowing us the opportunity to view some of the world's most famous plays. This man's community involvement extends far beyond the confines of campus. The plays that he has directed in the surrounding communities and his work at the Fire House in Newburyport, with his wife, Bonnie Jean, are innumerable but always memorable. The next time you see him riding his bike, wearing his big white sunglasses, thank him.

For all that he is and all that he has done, the 1998 Milestone is dedicated to...

Mr. Paul H. Wann

"Childhood is the Kingdom in which nobody dies."

Mom, Dad, Dan - Thanks for all that you've given me. I never would have made it without you.

Evan, you sure made life interesting for everybody. Naveen, you still need to teach me how to drive a standard. Stoddard, did you think we'd still be talking after 8 years? Missy, think how boring my life would be if you hadn't introduced me to track. B.S. J.R. E.B. J.S. E.H. P.W. S.G. M.W., you're all the best. I'm probably forgetting somebody. Sorry.

Stowe, Mr. Hart, Mrs. Hamovit, Mr. Southam, Doc, Mr. Gosse, Mr. Wann and everybody else - thanks for making the last 4 years the best.

Mom and Dad, thanks for always being there for me and believing in my ability, I couldn't have made it this far without your love and suqpport. You're the best parents anyone could ever ask for. Alex, its great to have a brother like you. I'm glad that we've grown close and no longer fight like we did when we were kids. Sue, thanks for all that you've done for me over the years, you've been a good friend. Nana, Grandma, and Grandpa, thanks for being such supportive and loving grandparents, I love you very much. Papa, your memory will live on in my heart forever. You were the most compassionate and loving man I've ever known and I will always love you. To everyone in my family, thank you for putting up with me over the years, I know it wasn't easy.

Rashean, we've been best friends for the past four years. Our friendship is way to tight for any chicken-head herbs to get in the way. We take no shorts. Remember, "when we attack, there ain't no army that can strike back." Nobody can sleep on the ill styles we've brought to this no flavor having,

Frumkin, You're one hardcore Rasta. Your chill laid back style is one of the illest i've ever embraced. We've spent much time cruisin' for chicks. The girlies be knowin whats up when Krupp and "Smooth the all natural dread" stroll down the streets of Boston like two playaz. Yo, we never sleep, "because sleep is the cousin of death." Frumkin, your advice has always been helpful. You're someone I can always turn to. Oh, by the way, you were right all along about Niki, she had me wipped

Gleason, We've known each other since the Fessenden and luckily we met up at GDA and became such good friends. You're the most unusual kid I've ever known. Taking zero notes in science 2000 and getting an A in the course, while I sat and watched you sleep in class and took notes only to fail the course. Yo, We had some crazy times together in cottage freshman year. We were partners in crime. Remember the stealth missions around campus. We were slick yo. Remember A-M, jergens, mini pop-tarts, frumkin's cream pies, Team and the lamp, all the things you lost in the laundry, sounds on your computer, happyweed, hockey, tooling on Kantor, my sick days, the pink-gell toy from the science room, Nelly, Finn, frumps-bunny, the triangle game w/ frumps, the dorito bag, and dealing with skeletor in science class. Boston after fungus with my cousin was insane. Those were the days. I still can't believe how much we've changed since then. We definitely got our shiznit together. Gleason, cottage-perkins-Ingham, we've had some crazy times here the past four years. I'll miss all of your creative and mischevious tricks next year. Stay cool. Peace.

Burns, or should I call you priest. Yo, you're one superfly brotha. Burns, you're the goofiest kid I've ever met next

Kelly, Chapman, Oreto, Triendl, Flaherty, Swan; you boys are the illest, be sure to keep in touch.

Emily: How about a nap? Just kidding. Thanks for being such a great girlfriend. I love you and am grateful for all the time we spent this year. Lyndsey's house was always chill and so were the times we spent at my house and yours. I always enjoyed being with you even when there was nothing to do because we click so well. Aside from that though, you always treated me with the utmost love and respect even when I may not have been very deserving. I'll always remember your cheerfulness and supportiveness because that is who you are and the reason that I love you. Always be yourself and never change because you're one of a kind. I'll miss you next year. Stay naughty. Love, Krupp

One love to my cousin Mike, Will Brown, Niki, Eshi, Anthony: (Brookline village/Heath st. connection), the Motorolla company, High Voltage, Destiny Coach, Town Coach, Boston Coach, and the cities of Boston and Cambridge(two of the realest places on earth).

*To all my boys, "The world is yours." and to those people who crossed me at some point during the past four years, "I'll see you when I see you, now let that echo."

Rashean and Krupp's Shout Outs:

One love to the **Ingham nation**: Frumps, Gleason, Burns, Berman, Ramirez, Big Dan, Kelly, Triendl, Oreto, Chapman, Flaherty, Swan, Sung-Je, Dale, Marco, Yuki, Randall, Meagher, C.J, Hee-Young, and Alec. First and foremost, I have to thank the person who has overcome tremendous obstacles that few could begin to understand to bring me to the point where I now stand. To my mom, who all life has done everything she possibly could for me, I dedicate all of my accomplishments and this graduation. I'd also like to thank my grandmother for always listening and for the knowledge she has bestowed upon me. And to me cousin Dave who enjoys life to the fullest, remember that I'll always be there. **Gleason** and **Krupp**-the Cottage Posse. While others changed their friends like they changed their underwear, we were boys all the way through. The memories are too numerous to list, but we'll always remember the old school. Cottage representing the East Coast. Gleason, I could always count on your trust and understanding. Hopefully, you won't lose my number. Krupp, you've helped me out of a lot of jams. You know I have to quote the man himself when I say "They are free,"

so you best hook me up when I come down. And remember: If it ain't natural, it ain't Kosher. **Rashean**-The illest brother up in this piece, who would never hesitate in confrontation. You joined the Crew a little late, but it wasn't complete without you. You were one of the few to know what life was like out of shelter. The Man tried to bring us down, but we wouldn't stand for it. Hold on to that inner strength and don't let anyone stand in the way of your dreams. Don't forget your roots. Wherever you are, don't forget where you came from. **Burns**-We've been good friends since back in the day and we've been through some crazy times together. Living with you was quite an experience, but I must admit that I really did learn a lot about myself through you. Burns, you have a shining personality, don't be afraid to let it out. Keep in touch and keep real. And finally, **Chapman**-My partner. One of the most unique cats in this place. We were among the few that realized that the most valuable type of learning can't always be done in the classroom. It was all about doing your own thing and not worrying what others thought of it. There's more to life than most people realize, only the privileged are let in on the secret. To the **Ingham Posse**: Rashean, Krupp, Gleason, Burns, Chapman, Berman (Come visit me), Ramirez (We made it through four years. Keep it real. You best be visiting me in Cambridge. Peace), Randall, Big Dan, Brendon, Stewy, Timmy, Meagher, Sung-Je, Yuki, Kelly, Ramsey. You boys made my year what it was. I can't imagine Senior year anywhere else. We rocked the spot, and for that reason we go down as legends To the **Junior Ingham Posse**: Swanny, Triendl, Spector, Dale (the smooth operator), Marco, CJ, Dan, Francisco. May the legend live on. Thanks to all my boys from outside for being an outlet: Jon, Tom, Steve, Russ, Dave and Dan. I'd also like to say peace to the following heads: Foxy Billy Olney, Notopoulos, Gumpy, Ca-Ca, Giddy, T., McDormand, Vanderschwag, Prendergasm, Wesson, Shetty, Sims, Miner, Gabe; and the girls-Leigh, Robyn, Hillary, Kelly, Ayeisha, Emily (I'd probably have a longer list if I were anywhere else) and the underclass-Nat, Bimba, Tim, Heath, Morrissey, the Porters, Courtland, Mincolla. I'd also like to thank the following teachers who have shown me time after time that they are genuinely here for the students: Mr. Karin, Nelly, Suggs, Mr. Searles, Mr. Mrs. Hamovit and Mr. Seufert. Thanks for all your

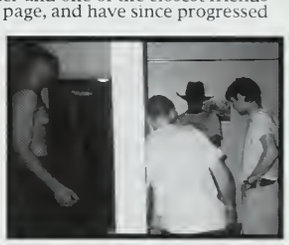
Its been a long and crazy hall, and it comes to an end, I can't say with honesty that I won't miss it. Mom, and Kate, I love you all, and its obvious that I wouldn't be at this now as any Dad Jeff pretty point if it weren't for you guys and the support you gave which helped me obtain and maintain composure throughout everything. Scott, what has it been? ten, eleven years? Its almost irrelevant now because our friendship is so deep rooted and strong that it is totally ensured to last for however many more decades we end up living. We have literally grown up together on some kind of unique bond which can't be phased by distance and only increases with time, and I look forward to doing so for the rest of my life. Frumkin, don't forget those cottage years because they were a hell of a time and an important sort of transitional stage of development in both of our lives. You've gotta be the best arguing partner and one of the closest friends I have so I don't think I could ever stand to lose you. Krupp, we came into this school freshman year on the same page, and have since progressed in a parallel and rapid way, and I'm pretty sure we were sort of pulling each other along the entire way. Its been a blast and a growing experience, so lets keep this up.

Rashean, getting to really know you sophomore year was definitely an enlightening experience for me because as we became such close friends I found out just how much substance was behind who you are. Not everybody is aware of this about you yet, but I think you will probably become more exposed as you move on to bigger and better things as they say. Burns, your one hell of a character and I'm glad to have gotten the chance to develop the close friendship we have had since sophomore year, and will continue to have for many more years. Ramirez, our four year friendship will definitely be extending. We've grown a lot together and I don't think I would have made it through all that crazy running without you. Burman, my Bio brother and two year close friend, we've had some good times, and there's more to come.



As for: Steph, Timy, Big Dan, Oreto, Swan, Kelly, Randall, Stu Dogs, Meags, Sung-Je, chaps, Gump, Pgast, Foxy Olney, Natops, Tom, Yuki, Bimba, Spect, Dale, Shell, Hillary, the Nobles and Cot-Quigley, crew, the rest of the Ingham tage Crew, Doc Bradley and Mr. and any one who I managed to leave out, definitely keep in touch, and good luck with.... well, everything.

But those I've found instead."

We're done. We're out. We had some great times together. I wish to thank all that were kind to me, helped me out, made me laugh... I couldn't possibly mention everyone, but I'll try 'n mention all of you that really affected me. Here goes... Jessica, whether you know it or not, you've been the biggest single influence in my life, here at CDA(keeping me out of trouble, mostly). I still don't know where you get the energy to do all the wonderful things you do for so many people and will probably never fully understand you, but your generosity has made you my role model and I adore you. Marv, never in my life have I laughed with anyone as much or as hard as I've laughed with you. We've shared some great moments together and I won't forget them, however far we may stray from eachother. Melissa, though you may be far away, your love and warmth is always present in my heart.

Thank you to my friends for being my friends. To my Mom, thanks for always talking things out with me. To my Dad, thanks for supporting me and giving me the space to figure things out for myself. To my brother, thanks for asking for my advice, every once in a while.

Thank you to all those in my life who have come before me and those whom I have left behind. You will not be forgotten. Good luck to all of you, wherever you go (college for most of you, I hope): Squirrel, Bunny, Moose(Zuck!), Pussy(CrunchCrunch!), etc.; LC, JaneL, JesseS & family, LDuggan, JWD, SHETTY!!, Lipmans, SG, SEA, BS, BP, PC, TJ, AF, KN, KW, JW.

You've all been very special and very important to me, through these years. You've shared some of the greatest moments of my life with me and I will never forget any of you. Thank you all for everything!!

I would like to thank everybody for everything
My friends who supported me,
My family who pushed and loved me,
and My teachers who helped me achieve my goals.

To all of the Class of 1998
On Your Graduation.....
Look at yourself as you stand among the winners.
See yourself as one, belonging to an elite group of individuals,
And know that you have accomplished a great success in your life.
You've taken a dream, added a splash of determination,
And created the reality which you hold in your hands today.
And as you stand among the future of our world,
In that fleeting moment, take time to reflect on the past;
On obstacles you've had to overcome,
On mistakes you may have made
And friends you've known along the way.
Dream of tomorrow; envision with awe all that it holds for you,
And be sure that there are no obstacles you can't overthrow,
And that mistakes can be rectified,
And that the friends who have been with you will always be with you
Because the gift of memory will keep them forever alive in your heart.
So as you end a chapter in your journal of life
And embark out into an unchartered sea,
You will tread the uncertain waters with caution, knowledge, and respect.
For although you can't see to the ocean floor,
You have the courage to look deep within and make the changes you know you can,
The knowledge not to disturb the good that is already there,
And the self-respect to be the best that you can be.

TIM FLAHERTY

First and foremost, I would like to thank mom and dad for giving me this wonderful opportunity. What can I say mom, you were right. Thanks for all the love and support you showed me and don't think for one minute it's all gone unappreciated. Love you both. Mike and Shan, thanks for keeping in touch despite our distances. You were both there when I needed to talk to someone and I hope we can continue these great long distance relationships as long as we need to. Love ya. **Steph:** We have come a long way together and I couldn't imagine sharing this experience with anyone else from home. You have a reputation as a Canadian to carry out next year, so don't disappoint me. Don't let anyone tell you how it is or how it's suppose to be and always remember you run the show as long as you want to. Keep the BSB alive and maintain your sexy image. Love ya. **Kelly:** Congratulations on being one of the few to come out of this with your sanity in tact. We have been through it all together, from the three varsity contact sports, to the long girl chats at night. You'll always be one of my favorites. Remember to keep a smile on your face because I can't always be there for a hug. Come visit me at school or at home anytime you want and let's take care of some unfinished business when we get together. You're the man. **Oreto:** My wild and crazy Canadian companion. It's too bad we couldn't bring a New England championship back to GDA, but wow, what good times and success we had as line mates. You'll always have the ability to make me laugh and I hope that will never change. Stand tall next year and remember all that I have taught you my son. The Pee Pub is calling so let's make a date real soon. Stay Canadian! **Dave:** We definitely had some good times together and always remember two things: room 212 and Milli Vanilli. Continue to laugh and smile and best of luck in the future. Ed: I just want you to know that I couldn't have made it through these two years without you., you're a life saver Do me proud at Harvard and always remember your country western roots. **Johnny:** It took us a while to become such good friends but I'm really glad we did. Your ability to make me laugh is unmatched and you'll forever be able to put a smile on my face. Best of luck in the future and take good care of yourself. Just remember one thing: your mother **Gumpy and Hans:** I've never met quite a tandem like the two of you. You guys should be banned in all 50 states you're that danger- ous. Never again will I ever attempt to keep up with you two monkeys. Remember the Flaherty home is always open to the two of you. **Stewy:** You can easily be the most entertaining person I know. Please go into showbiz, if not for yourself, for me. You are gifted in many ways so take advantage. Always keep in touch and never lose that sarcasm and sense of humor we all love so much. Best of luck in the future. **Pete:** Please try and remember me for more than that stupid nickname, there is so much more to this person. Take care of yourself down the road. You're awesome. **Cacs:** I owe my first lacrosse goal to you and I'll be forever grateful. Take care and good luck at Middlebury. **Shelly:** Honestly your not fat. Save a spot for me in the dressing room when we make it to the show. **Porter:** Silent but deadly has never suited anyone so well as it suits you. Thanks for the basement. **Second floor Ingham:** Berman, Burns, Krupp, Rashean, Dan, Gleason, Ramirez, R.J (to my favorite rat, thanks for the haircuts and being the pimp you are), Swan, Frumpkin, Yuki, Specter, Sung, and the rest who I have already mentioned, thanks for making life at school tolerable and actually enjoyable at times. Nothing can ever duplicate our graduation "gathering". **Dale, Screw, Morrissey** (my dancing partner), **Mincola** and **Sam**, good luck next year. Finally, **Tanya:** You may not ever read this, but if you do I want you to know how much I appreciate all the love and support you've given me. You're the best and I love you. To anyone I may have left out due to lack of space, I'm sorry. GDA, thanks for all the memories and good luck to the future graduation classes ahead.

"Then the gates of his heart were flung open, and his joy flew far over the sea. And he closed his eyes and prayed in the silences of his soul. But as he descended the hill, a sadness came upon him, and he thought in his heart: How shall I go in peace and without sorrow? Nay, not without a wound in the spirit shall I leave this city. Long were the days of pain I have spent within its walls, and long were the nights of aloneness; and who can depart from his pain and aloneness without regret? Too many fragments of the spirit have I scattered in these streets, and too many are the children of my longing that walk naked among these hills, and I cannot withdraw from them without a burden and an ache. It is not a garment I cast off this day, but a skin that I tear with my own hands. Nor is it a thought that I leave behind me, but a heart made sweet with hunger and with thirst."**Jackie-** "There will go with your great passing/Little of beauty that is not your own, /Only the light from common water, /Only the grace from simple stone." **Amy--**"we must suffer, suffer into truth. "Through a mist of anxiety I run for the door in need to escape. I look back at the gate upon the laughter, tears, love, hatred, friendship and memories created. It all must be left behind, though I'll never forget the times we shared. Stepping out the door sunlight dances on my face. I am hit with the realization that our lives together have ended, but other lives have yet to begin."

When I first arrived at Governor Dummer Academy I felt as though I had been admitted to a jailhouse or institution. While experiencing my initial pain and fear I mapped out my escape, but, of course, my plans never succeeded because of GDA's strict disciplinary rules. The more I was forced to deal with this pain the more I saw myself growing and maturing into a new, improved, and motivated teenager. I accomplished goals I never dreamed I would upon my arrival and I experienced true friendships I previously never could imagine existed. Today graduation is so near and I look back once again and reflect on the past two years here. It is only now that I realize that it is the pain I endured, faced, and finally conquered in my years here that has saved my life in every way. I knew when I came here I would be changed, but I did not conceive that it would not only change me it would free me and give me the courage and strength to face the world I will confront next year and in all the years to come. Thank you Sarah, Hilar, Charlene, Abb, Rachel, and Jackie for always being their for me when I needed you. Geena, you're a great friend and I look forward to spending time with you this summer and in many summers to come (you to Dale!)!! Jackie, I'll never forget the concerts in Boston and Ani DiFranco. Hil, I wish we could have spent more time together this year, but if there is one thing you taught me it's that you have to be a friend, to have a friend. Sarah, there are so many things about you that are so unqiue and special. We shared so many times that can never be compared or replaced. I'll always remember you!. Abby, I'm so glad I met you this year. Don't forget Marchi or Josh! We had so much fun together this year. I'll definately be visiting you at Denison next year. Remember to send me you wedding invitation! Charlene, I wish you could have been here to spend my last year here together. Remember Alanis because I'll never let you forget it. Ingrid, Shorty, Megan, Liz, Jill, Charlene, Tia, Emily, Ellie remember that second floor Pierce Will never be forgotten (how could it? It was crazy!) Thank you all for the past two years together. They were amazing!

Till the morning comes, it'll do you fine
Till the morning comes. like a highway sign,
Showing you the way, leaving no doubt
Of the way on in, or the way back out..
Till we all fall down, it'll do you fine,
Don't think about what you left behind,
The way you came or the way you go
When the shadows grow, it'll do you fine
When the cold wind blows, it'll ease your mind.
The shape it takes could be yours to choose,
What you may win, what you may lose.
Make yourself easy...

Good times and bad times. Well, this is how my life at GDA has been like. It's time to thank everyone who has helped me become "a man" for even a bit. Let me first thank **Stowe**, my American father. You've spent a great amount of time to ease my agitation, and you're my real teacher, advisor, counselor, and friend. Also, **Wotty, Searlsy, Mr. Quigley, Mr. V, Mrs. Hamovit, Mrs. Guy, Mr. Harrell, Mr. Larsen, Mr. Suggs, Mr. Wann** and all other faculties who taught so many things that I wanted to learn in this country. **Yusuke K.** Kyukyoku-no-sentaku: the first Japanese commentator for ESPN, the most dangerous Souridaijin, or the most scary looking don? **Wookie**, never forget that coincidence in Tokyu-train. **Kentaro, Luis and Gill**, my best friends in Eames. **Top and Memo**, a great time in Wookie's place. **Ingham boyz: Cha Doctor, I'll** never let you take my M and D. **Jonny S**, one more year, ha, ha. **Brendon, Dave C, Frumpkin, Swanny-Swandogs, Happy Burns, RJ, Rashean and Krupp, Meeeeeger, Mike K, Berman, Timmy F., "Big Dan" Gadzuric**, the most anticipated NBA Star, I'll be cheering you up through the TV. **Gleason, Ramsey, Steph,** and our lovely bosses **Andy and Stewy**. First floor, **CJ, Chris, Greg, Therriault, Hee Young, Marco, TJ, Scotty P, Muxie, Francie Bone, Dale, Ollie, and Mackey,** good luck to y'all. Beating Ollie and Muxie up on the first floor used to be one of my everyday habits in Ingham. Everyone, thanks for having the wierdest Japanese kid in the commons room. Also, thanks to those who came to the Int'l club, especially several Korean soldiers who tried to humiliate me but failed to do so. And of course for those who played with me at the guild and concerts, especially my partner **Nathanael**, who has dramatically improved this year. **My brother**, my partner for that adventurous expedition in Alaska. Wish you the best of luck for whatever you decide to do. Finally and most importantly, **Okasan and Moto-san, my parents,** I just can't find any words besides "Thank you", although I don't want to use any ordinary words in such a special occasion like this, but I really thank you for helping me change my life entirely. You've done everything possible for me. Lastly, **I THANK EVERYONE WHO SAVED ME FROM THE WORST TIME IN MY LIFE AND HELPED ME HAVE THE BEST TIME IN MY LIFE.**

well you can talk a great philosophy

but if you can't be kind to people everyday

it doesn't mean that much to me

it's the little things you do

it's the little things you say

it's the love that you give along the way

my life is more than a vision
the sweetest part is acting
after making a decision
i started seeing the whole
as a sum of its parts
my life is part of the global life
i'd found myself
becoming more immobile
when i'd think a little girl
in the world can't do anything
a distant nation my community
a street person my responsibility
if i have a care in the world
i have a gift to bring

indigo girls

when i dare to be powerful-
to use my strength in the
service of my vision,
then it becomes less
and less important
whether i am afraid

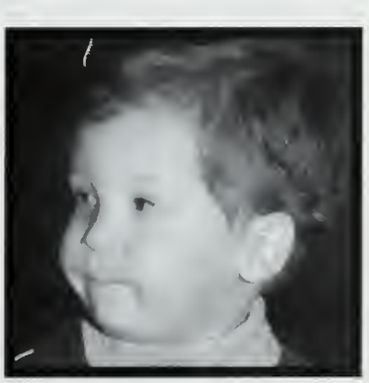
"Just do it is some sort of annoying conscience that haunts and nags and double-dog dares. That doesn't accept excuses, apologies, or a note from your mother. It's an itch in the middle of your spine that needs to be scratched. Just do it, is the collective voice of every Angel and every Devil that sits on every shoulder of everyone who ever faced the big challenge, who ever had to chose between what's behind the cutain or what's behind door number two, who ever wondered, "Could I do it?" Ignore it, do nothing, and it could make you crazy. Listen to it, and try, and it could surprise the hell out of you." ~ Nike



I would like to thank both of my headmasters, all of my teachers for their patience, my father, mother, and family for their support and guidance, and my friends for keeping it from being *too* serious.

Mom and Dad: Thank you for giving me the opportunity to have this high school experience. Though I've never achieved any honors, the experience of GDA has been invaluable. It will surely help me through my entire life and I have you to thank for it. Thank you for all that you have helped me with through the last four years. I guess we can be thankful that it was only four.
Lindsey: I know that we'll always be friends so I need not fill my senior page with useless sappy ramblings. Thank you for helping me deal with those times when you'd been there and I hadn't. It always helped me to know the good tricks like how to stack the German dictionary and how to get to school in ten flat.
Abbie: Thank you for being my best friend over the last four years. I couldn't have made it through GDA without you by my side. I love you very much and I wish you very much luck in the oncoming years.
Friends: Thank you for all of the good times.
They will always be remembered.

Seniors Enjoy the Last Year Together

So we are finally here. For most of us, it has been four years together. The changes that we have seen reach far beyond those of the other 235 Senior classes at GDA. In our four years, campus has been completely remodeled. We have seen ourselves change too. We have emerged from timid children into strong adults (some who can vote!). Remember the Senior guys we loved when we were freshman, and our boys, living in Cottage? Cottage boys got locked out of the dorm freshman year, because it was such a pit! Well now, our boys are the beloved Senior guys! We have done a great job, though, assuming our leadership with pride and fun. This has been a great year. We finally experienced Brantwood, a mystery since the first week of Freshman year. It has been great folks! Remember when the FLIP leaders made the freshman march around the old gym, during a basketball game,cheering and doing the Hokey Pokey at half time? We lived through the three mile sprint up Mt. Monadnock,and survived college applications. So what's next? Well most of us are off to college, but not without taking many memories. Make sure Big Dan signs your yearbook! We're sure to see him in a couple years. We are approaching the end of our lives together. Together, we have been through a lot. We have mourned the loss of faculty, missed friends who did not return, and watched three classes, before us, graduate. Well this time, it is our turn. And now, as the classes before us, we too, will jump over the wall. It's been great!

Chilling it: Junior Style

Marika, Geena and Becca lookin' good at the Junior Carnival.

Over the course of this year, the Junior class has experienced many challenges, beginning with Unity Weekend in early September. The majority of the Junior Class was returning students with a few new faces mingled in the crowd. The class bonded through a sequence of several activities including a boat trip on the Merrimac River, and a hike in Maudslay park. With the pressure of college around the corner, the Juniors buckled down to their studies when school started. In late November the Junior Carnival took place. With the help of the Class President, Joe Turner, the carnival was a success. The night offered enjoyment for all of the GDA Community, the student body and faculty alike. The dunk tank, pie throwing, food, and the talented musicians made the evening a whirlwind of excitement. Dunking Ms. Bromley was definitely a highlight of the night. We, the Junior Class have definitely bonded over the three years we have been at GDA. Although we have seen our share of familiar faces leave, the Junior Class has overcome the hardships of the changing seasons and of growing up. As the year comes to a conclusion and we bid the Seniors farewell, our turn will finally arrive. After working this hard for this long, both individually and as a whole, the Junior Class is ready to take on leadership of the school with pride, dignity, and a sense of accomplishment.

THE CLASS OF 2000 IS PAVING THE WAY

What makes the class of 2000 so special?

The Sophomore Class is a privileged class. We are privileged because we are the class of a new millennium.

Mark McDonald stated that being a Sophomore is better than our first year, but "we still don't get enough respect." Although we don't get the respect we deserve, now the Class of 2000 is paving the way to bringing the school into a new century. The members of the Sophomore Class are creating history at G.D.A, and we are leaving our mark and creating our own niches throughout the community.

> "IT'S ALL ABOUT THE DOUBLE ZERO, BABY!"

Many wonder how our class can be so special. Many wonder how our class can be filled with so many talented athletes, artists and scholars. Being surrounded by outstanding individuals is "refreshing because it livens me up, and is uplifting," said an enthusiastic Dale Williams.

We (the Class of 2000) are prepared to take on all that lies before us. We are currently enjoying our Sophomore year and looking forward to our time as Seniors. As a class, we have gained new friends and have become closer to old ones.

Chris Rothwell, a new student this year, seems to be having a fun and successful first year at G.D.A. He says that he "thoroughly enjoys being a Sophomore, and looks forward to the rest of the year that lies ahead of him."

It is evident that the Sophomore Class is a promising class. It is also evident that nothing can restrain us. Junior and Senior years are just around the corner, and we are preparing to lead G.D.A into the new millennium.

"It's all about the double zero baby!" Watch out for us now because we are on our way.

Freshman Year

The GDA class of 2001 arrived for the first time on September 6, 1997. Over the next couple of days they got to know each other by doing a variety of activities over Unity Weekend. Favorite events included trips to Hodgie's Ice Cream and Newburyport, and the first Mansion House of the year.

The goal of getting to know each other was continued throughout the year with F.L.I.P., (Freshmen Leadership Incentive Program). During F.L.I.P. the freshmen did many things, including cheerleading for the basketball teams and making dinner for each other.

After all the group activities, the freshmen know each other well and are now familiar with GDA and its surroundings.

Unity Days Begin the School Year

Unity weekend is the best opportunity each year for each class to get to know their fellow classmates a little bit better.

For seniors unity weekend at Brantwood is one of the last times that the seniors will spend with together as an entire class. Unity weekend is also an important time for the freshmen because it was the first time they were able to interact as a class. Juniors and sophomores also participate in unity weekend. The juniors went on a cruise through Newburyport and the sophomores went canoeing.

By participating in unity weekned each student at G.D.A is able to interact with their class and have fun at the same time.

The Special Olympics

With over one-third of the school volunteering their time to Special Olympics, this year's Fall Tournament was a great success. Students were out and about before the crack of dawn preparing the campus for the athletes. The day opened with a parade, parachuters and a guest appearance by Mr. Montgomery. The sun shined down on all the athletes and volunteers throughout the whole day, making it the warmest Special Olympics ever. Many thanks to Missy Green, Adelle Lilly and Dr. Oleszko and good luck to next year's heads, Meghan Donohue and Joann Nguyen.

The Guild

The Guild has always been an important part of student life. Students decorate, preform and organize the entire night. This years Guilds were outstanding. These were some of the most diverse Guilds I have seen. The songs ranged from rock and folk to funk and rap. Each Guild is unique, allowing for a different experience every time. Jackie Downing and the rest of the guild members were creative by having an eighties theme and a Hawaiian Theme for two of the Guilds. I hope that next year we can make the Guilds as good as they were this past year.

The Formal

This year's formal was held at the New England Conference Center at UNH. With tons of help from social Commitee Presidents Pete Buccella and Adelle Lilly and the advisors Mr. Wotton and Ms. Boulais, the Formal was a huge sucess. There were almost 200 students who boarded the buses and headed for UNH for an evening of fun and dancing. With music and entertainment provided by DJ Jerry, the Formal goers enjoyed dinner and dancing in the Wood's Memorial Room at the Conference Center. After the dinner and dancing, the students changed before boarding the buses heading to Portsmouth for the boat ride on the Isle of Shoals Steamship. On board there was more fun, food and dancing. This social time was a great way to end the formal. About 4:00am everyone arrived back on campus were people socialized in the French Building, played pool in Mansion House, and slept wherever they could. Many thanks goes to Ms. Boulais, Mr. Wotton, Adelle Lilly, Pete Buccella and Joe Turner for organizing a wonderful night. Also a huge thanks goes to Mr. Weigel and Marilyn McKeen for providing great food for us on the boat. Thanks to the efforts of all these people, this year's Formal turned out to be a night to remember for everyone.

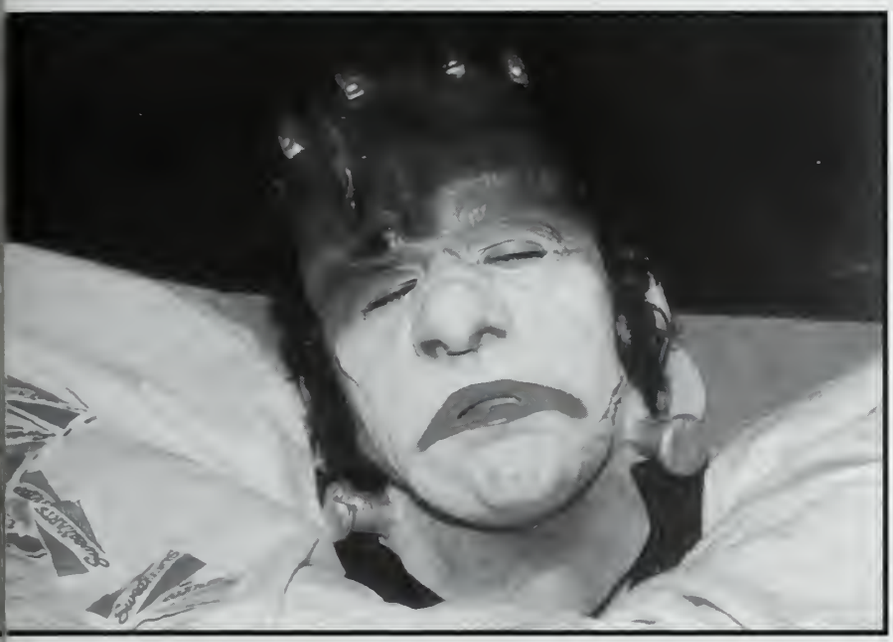
Life At GDA: A Random Event

Halloween wouldn't be the same without a few tricks.



Life at GDA takes many forms. It can be hectic or lazy, programmed or spontaneous, and it is always unique. All of our lives are based here (both boarders and day students) from September through early June, and the result is a jumble of afternoons sunbathing, evenings in dorm rooms, hours in the library, and so many events. We all meet and interact (whether we like to believe it or not), so take a second and remember the many concerts and Guilds, basketball and football games, video games in the French Building, notes passed in class, private jokes, wasted lunch periods, late night chats, bus rides, parties, and, above all, moments spent with people you love.

Jill and Sarah somehow appear graceful on the makeshift French Building stage during the Senior Show.

Mr. Suggs puts Zenovia to the test at the card tables.

Fine Arts Concerts

Music at GDA has taken off. Many Seniors recall a chorus that extended in a mere single line part way across the stage (if the singers were really spread out) Now, the chorus totals 1/3 of the entire student body. This year over half the school participated in either band or chorus. How lucky the community is to be exposed to such incredible talent.

Thompson hosted its usual Parents Weekend concert, Holiday concert, and Spring concert in the usual splendid fashion. The Senior concert was unforgetable, leaving bearly a dry eye. Who could forget Myla and Adelle's perfomance of "The River and the Highway"? Nobody.

On my spirit make a music, too.
Music is feeling, then, not sound.

HITTING TO WIN

The Program Has Successful Season

By Hans Carbonneau '98
and Paul Morrissey '99

Under the watchful eye of the upperclassmen, the 1997 Governor Dummer Football Team enjoyed a season full of tremendous success. Commencing with a memmorable victory over upper-division rival Phillips Exeter Academy, followed by a suspenseful last-second win over Thayer, the team fought their way to a 7-0 record. The only setback of our season came in our final contest, a hard fought loss to Belmont Hill. It was a great season overall. Good luck to next year's team and captians, Mike Moore, Stephan Triendl, and Paul Morrissey.

Field Hockey

Team Has a Tough Season

By Robyn O'Reilly '98

The womens' field hockey team faced many challenges from the beginning of the season. We lost nine seniors and returned with few players to fill the leadership roles.

With only five seniors, it proved to be truly a year of rebuilding for the program. With these obstacles aside, and a variety of young new talent,the team began to grow as a team and learn each other's talents, weaknesses, and personalities. Unfortunately, coming together as a unit didn't amount to winning games until the end of the season. The season, however, was not a complete failure, We overcame many challenges and earned some well deserved victories. The team looks forward to a strong season next year with many talented returning players.

Men's Soccer Has Superb Season

By Mike Meagher '98

From the preseason heat of Madrid to the snowplowed turf of Boston University's Nickerson Field, the GDA Varsity Men's Soccer Program set out to achieve two main goals: respect and a championship. The team, led by a strong core of returners and the welcome additions of newcomers, had an incredible potential for success. This team not only realized its capabilities, but was able to utilize them. Finishing the season 9-4-2 earned the respect we were seeking. Along with the respect came a Class B Tournament Berth. A showdown at BU with rival Brooks was set up by two strong wins over Wilbraham-Monson and Middlesex. After regular time, the score was tied 0-0 and headed into sudden death overtime. After 20 minutes of OT, the score remained deadlocked, and the championship was given to both teams. Although not the desired outcome, it fulfilled the second goal set by the team. Good luck to all the players, captains and coaches in the future, and oh yeah, bring it home again next year boys!!

Women's Soccer Makes the Championship Game

By Mary Viera '98

From the toils of last season, a newfound strength emerged,
with laughter, pride, and friendship our failures were submerged.

With a bond created early in a far off foreign land, we attacked the ISL with our confidence in hand.

From each day's test of skill and speed, our minds and bodies grew, "What are we gonna do now?" she'd scream; there's only one thing left to do.

In our final games, we were pushed to limits then unknown, and in our moments of sweet victory, we saw how much we'd grown.

We fought, sweat and bled, through sunshine, snow and rain. But in the end, our final loss became our greatest gain.

The defeat did make us realize why our passion reached so deep, to share that dream of glory that within, we'll always keep.

Men Enjoy Post-Season Success

Women Crown Claire New England Champion

By David DiCicco '98 and Andy Ramirez '98

Throughout the regular season the men's team pushed to come together, and by the end of the season discovered the chemistry necessary. Jesse Garth '99, Peter Aloisi '00, and John Traister '99, all came into their own, while experienced upperclassmen provided direction. This unique hybrid of experience with new raw talent produced a third place finish at the ISL's, the first time in the top three in four years, and a second place at the New England Championship.

This past season was a time of exciting victories and equally bitter defeats for the women's cross country squad. Faced with a young team and multiple injuries the team had a challenging season. Once again Claire lead the team and the league. In the final match of the year she challenged GDA's course record, missing the goal by only one second after a fall that would have taken many competitors out of the race. Good luck to next year's team. We all expect another exciting season.

Men's Hockey

The Governors Perservere Through a Trying Season

By Paul Morrissey and Ryan Shelly

It was a long and trying season for the men's varsity hockey team. We battled through over 20 contests, improving with outstanding proficiency each step of the way. Though our record was subpar, our many heart wrenching last second losses give us hope for the future. With a strong nucleus of returning lettermen we expect a strong season for Governors hockey next year. Thank you to all the seniors for their amazing leadership throughout the season.

Loud and Proud

Women's Hockey Fought Until the Very End

By Adelle Lilly

Although the winter season is the longest, the women's varsity ice hockey team fought until the very end. Sadly, the team's reacord did not reflect the effort and intensity the girls brought to the ice. The fowards constantly pushed to the net and the defense stood strong even throught the toughest competition. Dane-Diggity and My-Dogs were brick walls and kept the score close. Dedication was shown off the ice through poster making sessions, MTV Grind workouts and the best Friday morning skit this school has ever seen. Senoirs Robyn O'Reilly, Adelle Lilly, Caitlin Marino, Myla Withington, Missy Green and Alicia Flynn will be missed next year, but faith lies in Janet Hanson and Meghan McShane, next year's captains, to keep the team alive. Good luck to next year's team and don't forget to keep it loud and proud.

Men's Basketball Captures Class C Championship

By A Fan

Last season, the Men's Varisty Basketball team worked hard, and all of our sweat paid off. Led by a strong core of seniors and great captains, the team rolled over many of its opponents, ending the season with twenty-two wins, five losses, a tournament victory in December and as Class C New England Champions. It was a record that was worth being proud of, but even more, GDA must be proud of the spirit with which its team carried itself. At the games both players and fans acted with the utmost respect, making victory that much sweeter. We did a good job, boys, we should all be proud. Thank you to our wise coaches, our strong captains, and our dedicated fans. Good luck to next year's captains and especially the team. We did a good job, boys, lead on.

Women's Basketball Puts In A Great Effort

By Kate Hecht and Leigh Ferrara

The women's basketball team during the 1997-1998 season had their good times and also some bad times. Kate Hecht and Leigh Ferrara were co-captains this year and they were among two other seniors, Mary Vieira and Tia Sloan. The team's record does not show their true ability. The team showed a lot of potential from their younger players. Mr. Suggs is looking forward to a promising season next year. Good luck to next year's captain, Ayeisha Morgan.

Wrestling Team Has Winning Season

By the Staff

This season started with a challenge for the wrestling team. Our first three matches put us to the test. But in our fourth match all of our effort and preparation paid off; we left Rivers with a win under our belt. This win, and the losses before it, prepared our team for a lot of hard work and the great feeling of pride that filled us at the end of the season when we realized that our final three matches were also three strong victories that left us with a winning (9-7) record. The sense of accomplishment was great and brought us together as a team. Congratulations to the team for all their hard work and support throughout the season, thank you to three great captains, and good luck to next year's team.

Youth Gains Experience

Another Winning Season for Volleyball

By Becky Stephenson

The varsity women's volleyball team had a excellent season this year finishing with a record of 9-3. The young team worked hard in every game and practice and reached almost all the goals they set for themselves. For the third consectutive year, the Governors attended the AISGA Tournament at Dana Hall. Bettering last year's third place, the team came home with a second place trophy which again qualified them for the New England Tournament. This energetic group of girls went to the tournament at Concord Academy to play the best volleyball they could and to have fun. This they did although they only placed 8th. This, however, is still a major accomplishment that they should be proud of. Great job girls! Good luck next year!

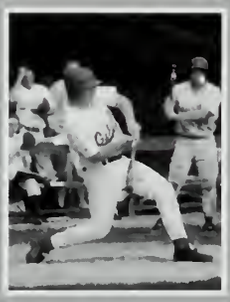
Six Up and Nine Down

Baseball Has a Streaky Season

By The Man



In the spring of the 1998, the GDA baseball team went through some ups and downs. We started out strong by winning the home opener before going on a five game losing streak. The season was salvaged when we finished strong and won five out of the last nine games to finish 6 and 9. The team has a strong returning nucleus including Paul Morrissey, next year's co-captain Rick Binelli, and team M.V.P and co-captain Bob Sims. The team will feel the losses of All Leaguer Nick Majocha, Hans Carbonneau, and finally co-captains Pete Buccella and Tristan Harding.

A Great League Year

Softball Finishes Third This Season

By Tri-Captains Brooke, Becky, and Kate

This year's team entered the league for the first time not knowing what to expect. Without fear, we faced some tough teams and had a great success. With very few league losses, the team managed to place third at the end of the season. Coach Larson and Brown led us in every defeat, and challanged us to impress the school. Not only did we suceed at that, but now other league teams will be scared to play us in the years to come--as they should be. Good luck to next year's team, and keep the chin strap around!

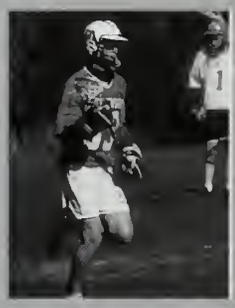
An Excellent Season

The Red Dawgs Leave A Strong Foundation

By Mike Meagher



Led by a strong senior unit and captains Greg Carroll, Pat Forrest, and Mike Meagher, the Varsity Men's Lacrosse Team worked through a tough schedule and finished 12-3 overall. Finishing 9-2 in the ISL was a great accomplishment after last year's 6-3 record. Beginning with an overtime victory over St. Paul's to start the season and a strong game against Nobles, expectations began to build. After a tough home loss to St. George's and a one goal loss to the eventual Co-ISL champs Middlesex, the 'Red Dawgs' went undefeated in May to close out a great season and finish third in the ISL behind Middlesex and Belmont Hill. Adding to the achievements of the regular season came three first team ISL selections with the tri-captains receiving the honors. Also selected was Mike Porter with an Honorable Mention. With a solid core of returning players and a strong contigent of newcomers next year, the foundation has been left behind for future teams to succeed and bring home an ISL championship to Byfield. Good Luck next year, Dawgs.

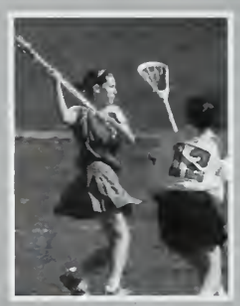
Returning Players Boost Women's Lacrosse

The Girls



This season spelled victory once again for the Women's Varsity Lacrosse Program. With thirteen returning players, the team started the season strongly with a 7-4 victory against Exeter and saw no reason to relax until they had defeated Brooks 10-6 in their final game. All the girls should be proud of the spirit with which they carried off their winning (9-4-1) season. Congratulations girls, a special thanks to the wise Coach Gerry and our fabulous captains, Robyn, Alex, and Leigh, and good luck to all those who return next year. The men's varsity tennis squad had a different agenda than most of the other varsity teams of the spring season. The goal was to improve individually as players as the season progressed. Because of the lack of experience, victory in competition was nonexistent; however, the season as a whole was quite successful. Lead by team captain Adam Berman ('98), the team improved after every match. Headlined by the three year veteran Cian O'Neil ('00), who played at the number one seed for the duration of the season, the team plugged on and took each defeat with a grain of salt. Through the earnest teaching of the team coach, Perry Nelson ("Nellie"), the team reached its goal by the end of the season. Each player on the team became a better player for the years to come. With two freshmen in the starting lineup, Nate Tsao ('01) and Joel Masinter ('01), the future of GDA's men's varsity tennis program looks somewhat promising.

The women's varsity tennis team worked very hard this season. Jess Ross, Emily Dana, Megan McShane, Polly Titcomb, Jessica Reed-Zaplin, Sarah Turner, Jamie Gilberg, and Mirjam Hower have all contributed greatly to the team this season. Unfourtunately, our only freshman and our number one player, Jess Ross, was plagued by injury for the last half of the season. Emily Dana also became injured toward the end of the season. Because of these injuries, the other players stepped up and put their all into playing the best tennis they possibly could. The goals at the beginning of the season were dedication, unity, and effort. As a team, we have accomplished all of these! Good luck next year to the Varsity and J.V. teams.

Marat-Sade Enthralls students with a Mix of History and Art

This fall, a group of talented young actors were confronted with the challenge of a difficult play. This ambitious piece chosen by Mr. Wann was a work by Peter Weiss entitled "The Persecution and assasination of Jean-Paul Marat as Performed by the Inmates at the Asylum at Charenton Under the Direction of the Marquis de Sade". Mr. Wann molded the actors' raw talents through his skillful direction and unbounded enthusiasm. After a few short weeks, the cast had learned to function as an autonomous unit while allowing each member to maintain their individuality. As an ensemble piece, each actor provided vital contributions to the to the play as a whole, regardless of the number of lines each spoke.

Portraying the role of Jean-Paul Marat was first time drama participant, sophmore Kempton Randolph. He did an excellent job, despite the fact that he received his new role four days before the play opened. Evan Trent '98 did an especially evil and sadistic Marquis de Sade. Senior Kaela Weinbrandt skillfully acted the somnolent and "pulchritudinous" Charlotte Corday. The role of Corday's shadow and alter ego was mastered by senior Liz Duggan in her GDA drama debut. The revolutionary was also divided between two actors, seniors Phil Venterelli and Emily Harris. Phil delivered his sermons of revolution to the people with conviction, while Emily acted as his over zealous disciple. The singing quartet moved the play along with lyrical narration. The euphonious group was composed of Kasia Newman, Jacob Chase, Jesse Sousourian, and Elizabeth Coolidge. Newcomer Ed Young was the stately asylum owner Monsieur Coulmier. His constant objections to his patients' behavior added structure to the maddening chaos. In the end, however, chaos proved to be the stronger force, ending the play in melee. *~ by Kasia Newman*

Director Cindy McKeen established her miricle wish of putting the entire cast in tap shoes with an amazing result. The biggest production ever to grace the GDA stage was a big hit. The cast perfomed the Story of 42nd Street with great enthusiam and enjoyment. Who of the cast can forget Brad Downey's pregame warm-up? Such little things created a production that was filled with immense energy. This started from the very begining when the curtain opened to the entire cast tapping in wonderful unison. Ashley Nantosky made her GDA perfoming premier a smash, playing the role of the oh-so-innocent Peggy Sawyer. We also were pleasured by yet another incredible perfomance by Jesse Soursourian. Liz Duggan left her mark by surprising everyone with her beautiful yet bold voice as she portrayed Maggie, the very New Yorkish playwriter. The Chorus girls did a lovley job, dancing their way through the show and supporting Peggy. The incredible cast consisted mostly of a large group of extremely talented underclassmen, which reassured the GDA community that hope is not lost when the class of 1998 graduates. Indeed, we should be looking forward to an outstanding couple of years with these rising stars. The play would not have happend without the amazing work of a silent parental unit and Ms. McKeen and Tech. Director Ben Steele.

Co-President of *Smith & Co.* Jill Welenc demonstrates her beautiful expression on stage.

These dancers are puttin' on the Ritz!

Dancers Continue to Amaze

One of the main purposes of dance is to explore one's own mental and physical abilities through expression. The only prerequisite is having body and mind present and ready to learn. No prior experience necessary-- some dancers have danced for years and others started this season. Regardless of her level of ability, each dancer experienced great improvement by the end of the season. Directed by Susan Atwood and assisted by seniors Sarah Koken and Jill Welenc, the dancers present one of the best performances of the last few years.

> *"On behalf of all the GDA dancers, we would like to thank Susan Atwood for another wonderful show."*
> *~ Sarah Koken*

In our all-female dance group, one of the major themes of the season was the strength of women. Maya Angelou's poem "Phenomenal Woman" featured soloist Jill Welenc accompanied by the other dancers and captured the audience with its powerful line, "I am a woman. . . phenomenally." Ani Difranco's "32 Flavors" included Sarah Koken as a soloist and professional female individuality. The ballet piece "Novena" featured all of the dancers in an innovatively choreographed piece displaying series of movements done in cannon to create a perpetual movement feel to the piece. The duet "Sensitive" revealed the two seniors, Jill and Sarah, experimenting with many weight bearing and complementary movement techniques. Other pieces included an improvisational piece called "From the Cafe," and a jazz piece called "Hot Honey Rag." The show's closing piece "All That Jazz" was another of the Chicago numbers with tap highlights by Yorp Senser. The musicians who provided live music for the finale and throughout the show added a jazzy twist to the pauses and costume changes along the way.

Liz Duggan as Sister Hubert during a rare, serious moment in the riotous "Nunsense".

Underclassmen Kirsten Johnson '99, Bijou Mgbojikwe '00, Brittany Perham '99, and Janet Hanson '00 get down in their habits.

"Nunsense" and "Private Lives" Rock the Stage

Private Lives: Four seniors endeavoured to produce a self-directed play this spring. Noel Coward's "Private Lives" involving relationships between two married couples honeymooning in France was the play of choice. Kasia Newman played Amanda, the outspoken newlywed, with pinache. Peter Wesson deftly portryed Elyot, Amanda's flippant, selfe-centered former husband and Emily Harris energetically played Sibyl, a snivelling young woman. Evan Trent skillfully portrayed Victor, Amanda's pompous husband. The cast developed their characters throughout the spring and by the time of the production, had created a fluid performance which all enjoyed.

Nunsense: This spring, the musical, "Nunsense", was performed by five ladies of the community under the direction of Cindy McKeen. The ensemble included Liz Duggan, a senior who was the assistant director and carried the role of Sister Hubert, Brittany Perham, a junior as Mother Superior, and the three ladies making their debut on the GDA stage: Kirsten Johnson, a junior, as Sister Amnesia, Janet Hanson, a sophomore, as Sister Leo. The production turned out to be quite successful after only a few mishaps, and the cast much enjoyed performing it. With an inherently humorous script and hilarious musical numbers, the show was entertaining to a small but responsive audience. It was a good experience for all involved.

The cast of "Private Lives" catches their breath with Mr. Wann and Bonnie-Jean after the play.

Graduation '98

Well that time has come again. This is the end, or beginning, I don't know. Through all the fond memories and tearful goodbyes GDA spirit seems to show through. We see the usual personality, spirit, and always, always tradition. It's been a fun ride, guys, and its sad to part, but on we go. Thank you for all the memories.

Only at GDA!

THE MORSE FLAG

The Morse Flag was first awarded 85 years ago at the 150th Commencement of this school on June 9, 1913, and it has been awarded each year since that time to the senior whose record in all respects has met with the highest approval of the faculty. According to the trust established by the late Rev. Glenn Tilley Morse, a long-time friend and trustee of the Academy, a new flag is provided each year in order that the old flag which has flown over the school during the past year may be given to a member of the graduating class.

An epiphany is a sudden, intuitive perception or insight into reality of the essential meaning of something, often initiated by some simple, commonplace occurrence.

Epiphany is the word which comes to mind while witnessing her four years at Governor Dummer Academy. Each contribution seems to exhibit a joy, an exultation beyond the individual act.

When she competes she offers all she can with an exuberance which captures what competition is all about. She completed her four years of varsity soccer as tri-captain of a team which was runner-up for the New England title, a team which had not won a game the year before.

She competed in women's varsity basketball for three years and left the strong varsity women's lacrosse team for two enjoyable years with the new varsity women's softball team.

Achieving her highest academic potential as a student has been her constant goal. She established the reaching of her potential as her major challenge. As a junior she earned the top grade of 5 on her Advanced Placement exam in English and a creditable 3 on her American History exam — her senior program included two AP courses. She won three awards at Commencement last year for scholarship and character, for excellence in science and for accomplishment both in athletics and she is a member of the Cum Laude Society. Through all these challenges she always gloried in the process of discovery. These accomplishments and her accomplishment in chorus, Red Key, Special Olympics, SADD and the Social Committee pale in the presence of the jubilant attitude she brought to each. Listen to her teachers: "She is a true scholar — a teacher's dream. She is the first student I have had who will do problems from other physics books just to see if she really understands a concept."

"While I have waited four years to have you in class I have not been disappointed. Without a doubt you are the most thorough, the most dedicated and the most thoughtful of all my students. I am particularly impressed by the care which you take to craft your work."

She makes every day, every action an opportunity for commitment, for selflessness, for sharing. Her triumphant stance in life makes this moment of presenting Governor Dummer's highest award possibly a moment of epiphany in the Morse Flag tradition.

THE ACADEMY PRIZE

There are two Prizes which are awarded by vote of the entire faculty: one is the Morse Flag, awarded earlier this evening; the other, the Academy Prize. Upon retirement of headmaster Ted Eames in 1959 the underclassmen of the Academy endowed the already existing Academy Prize so that henceforth at each Commencement it could be given "in honor of Edward W. and Eleanor K. Eames so that the qualities they so deeply prized might be prized in turn by future and succeeding classes." Those visiting the Phillips Building will find inscribed on the paneling outside my office door, in the entry-way of the Cobb Room, the names of all Morse Flag winners, reaching back to 1913, and the winners of this Academy Prize from 1931.

She comes from an America which answers to the seasons, meets the deadlines of crops and the needs of cattle. From this heritage she came to Governor Dummer knowing that the only way to do a job is to pitch in and do it.

This she has done, providing remarkable service in many ways: as a dormitory proctor she has buoyed her freshman charges with her commitment to studies and extracurricular activities. She has served on the Health and Wellness Committee and this year was co-director of this group of students and adults which serves to educate the community. She is co-founder of our Peer Counseling group. In addition she is a member of SADD and is a senior leader in our critical Freshman Leadership Incentive Program.

While being involved in such service she has earned highest honors while taking challenging courses — last year she took seven courses. This year's program included three AP courses. She is a member of the Cum Laude Society. Her teachers describe her "with a remarkable dedication to excellence" "willing to take risks," "alert in class and willing to help other students."

Somehow she found time to compete on varsity volleyball for her four years, earning MVP honors her sophomore year and leading the team as a co-captain her senior year. She left our strong varsity track program to be the number-one pitcher on our new softball team. Last year and this year she won the Coach's Award and was co-captain of our strong team this year.

She reflects her region, a region of almost unlimited horizons, unbelievable clarity, and fundamental values. It is an honor to give this award to a remarkable young woman who has been a gift to our community.

THE HEADMASTER'S CUP

The Headmaster's Cup is given to that senior who in the judgment of the Headmaster has served the mission of the school.

Undaunted Courage is the title of a recent biography of the great trans-continental explorer Meriwether Lewis. These words describe the recipient of this year's Headmaster's Cup. She served the mission of the school through her unflinching determination to help others and to improve this community.

She has always been involved in the leadership of her class: this year she was a dynamic Senior Class President. She was the leader and major force of the Forum, a student-faculty group dedicated to a better community. Her two-year leadership of the Guild created the finest student-run concerts of recent years. She founded an active Photography Club last year. She has served for three years on the Social Committee which plans all weekend activities and she has volunteered for Special Olympics. During her sophomore and senior years she was a lead in a traveling off-campus production about AIDS — "Hitting Home."

Possibly her most notable accomplishment is her founding of the first chapter at Governor Dummer Academy of a Gay-Straight Alliance this year. Jackie laid a foundation for a safer and more understanding community.

I have seen Jackie thwarted, particularly her freshman year when a Sunday afternoon concert of many bands from many schools did not happen in spite of her immense effort. The words of St. Paul capture Jackie's mood at that moment of defeat:

"We are afflicted in every way, but not crushed; perplexed, but not driven to despair; persecuted, but not forsaken; knocked down, but not knocked out." (II Cor. 4.8)

Undaunted courage will guide her life: she will create a better world in her voyage on this planet. Thank you.

Jacqueline Marie Downing

THE THORNDIKE HILTON CUP

The Thorndike Hilton Cup was established by the Class of 1919 in memory of their classmate, Thorndike Hilton. It is awarded each year to the ranking scholar in the Senior Class. With this cup goes a silver medal.

The education of each of us is not a competitive enterprise, although much in American culture today seems to teach our young that all things scholastic have meaning understood only in the language of business, government or professional sport. Learning should be cherished as the fulfillment of human development. Through the presentation of this award, the faculty of Governor Dummer honors the intellectual growth and academic achievements of all its students. Any ranking scholar must embody diligence along with intelligence. This student has begun to engage the world of ideas.

Not as wages of victory in competition but as an emblem for the scholarship to which we hope all students aspire, it is an honor to award, on behalf of the entire faculty, the Thorndike Hilton Cup and Medal.

Special Prizes

An alumnus of the Class of 1911 at the Academy, father of an alumnus, friend and neighbor of Edward W. Eames for years during the latter's retirement, until their deaths in 1975 within days of one another - and for many years a generous benefactor of the Academy - Milton L. Dodge of Newburyport in his bequest provided for the continuance each Commencement time at Governor Dummer Academy of Special Prizes to be awarded to "members of the senior class whose perseverance, courage, initiative, sense of responsibility, loyalty, and concern of others have contributed to the strength of the Academy." With gratitude to Mr. Dodge and his family, we award our Special Prizes.

She radiates depth of character. She has been a friend to all and has earned the love and respect of the entire community. Intelligent, talented and ever gracious, she is that rare jewel of a student who has made her school truly a better place. It was no coincidence that she was the driving force of the Chapel Committee.

Jessica Margaret Savage

She arrived in the United States only a year and a half ago from Iran and immediately captured our hearts simply by being herself: an engaging individual who truly cares about others. She is a dedicated student who possesses an enthusiasm and passion for learning that knows no limits. She is a cheerful, unselfish member of our community who puts her heart and soul into every human contact and endeavor.

Lila Fatimah Noury

She has achieved excellence in many arenas here at GDA because of her strong determination. She took the most difficult courses on her way to a top academic average. Earning varsity status in three sports, she was a pioneer in her spring sport setting the first women's pole vault record at the Academy.

She has served on the Health and Wellness Committee and this year was a co-director. As co-founder of the Peer Advisors group, she has also represented the school in the Harvard Model Congress, and as co-director of the Fall Special Olympics Tournament. Her wit and wisdom will take her far as she leaves us for college.

Melissa Marie Green

Above all he is a competitor. On the track and cross-country trail, he ran with great heart achievingAll-ISL honors in cross-country. In the classroom and in his passion for reading this young man never quits striving for knowledge. Of course this is the dedication that we saw too in his wrestling. His concern and interest in the young was evident through his work this year as a dorm proctor of freshman boys. No description of this leader would be complete without reference to his humor; were it not for the squint of his puckish grin, the sparkle would spill from his eyes.

Anthony David DiCicco

The Square One Curriculum Committee proclaimed that each student accepted to Governor Dummer Academy must have a firm commitment to learning. This student embodies this concept with her positive and serious approach to academics. Her journey through GDA has been distinguished by her perseverance, intellectual integrity and by her concern for her community. She has had a steady persistent determination to achieve at the highest possible level.

Sarah Marlo Turner

She spent her years submerged in the pursuit of excellence in athletics and academics. In her junior year she discovered incredible depths as a musician. She firmly stands by friends in times of challenge and graciously advocates for a better community through her work as president of S.A.D.D. and dormitory proctor in Farmhouse.

Brooke Lindsay Peltzman

The Wilkie Service Award

The Wilkie Service Award in honor of Valleau and Marjorie Wilkie is awarded to a senior whose contributions to the community outside the school have best demonstrated the deep concern, the unfailing sympathy and aid, for which the Wilkie Headmastership is affectionately remembered.

She exemplifies the GDA motto *Non Sibi Sed Aliis.* She set up her own community service program and spent many hours in a process to be trained to handle very difficult social service responsibilities. For the past two and one half years, she has been working at Health and Education Services in Beverly, Massachusetts, as a crisis counselor for their hotline and drop-in-center. Her supervisor described her as an eager and effective councilor, uniquely competent for a teenage worker. She is a truly deserving recipient for the Wilkie Service Award.

Erica Teagan Ruff

Cumings Prize

The Cumings Prize was established by the family and friends of the late Fred T. Cumings of Troy, New Hampshire. It is awarded annually to a student who has shown perseverance, hard work and good spirit in contributing to the welfare of the school.

He has inspired us all with his grit and determination in the classroom, his seriousness of purpose, and his genuine care and concern for others. A leader among his peers in all regards, a model student athlete, and a true gentleman, his strength of character and maturity belie his youthful good nature. Whether defending his goal on the soccer field, battling in the corner for a loose puck, or thoughtfully preparing an English paper, his commitment has been rock solid.

Hugh Alexander Stewart

The Alumni Association Award

The Alumni Association Award is given to that student who has shown community spirit and concern within the Academy during the senior year, thereby recognizing the recipient for qualities of awareness of others and of humanity which over the years have continued a part of the Governor Dummer tradition.

In just two years at Governor Dummer, he has made a significant impact in all areas of school life. From the classroom to the athletic field, as a member of the Tour Team and the Discipline Committee, from leadership roles in the French Buildingand the Special Olympics to membership in the GDA Honor Society, this young man's presence has penetrated the very fiber of this great school. Recent comments from faculty close to him abound with superlatives: "his performance in and for class helps to set a high standard for the rest of his peers;" "as a leader, he led through his actions, his words and his emotion;" "his familiarity with the game certainly was an asset but his people skills were what made his contribution memorable!" A high honor roll student, a leader and an all-star on the athletic field, and a true contributor to the well-being of the community.

The Gaffney Prize, established in memory of Rob
ert A. Gaffney of the Class of 1940, is awarded t
that senior who, in the opinion of the faculty, ha
been most considerate of the rights, opinions and sen

attitude to her numerous leadership positions whic
include: Director of Special Olympics, Head of Re

President of the Senior Class, and captain of th
women's ice hockey team. She is a kind, caring an
optimistic young woman whose presence on our cam

next year. In the words of one of her teachers, "
cannot recall a moment when she has not been th
most optimistic and cheerful soul in the school."

Adelle Christian Lily

The Ambrose Speaking Contest

A pillar of controversy in Interdisciplinary Seminar, she helped establish Peer Counseling here at Governo
Dummer. She practiced her political skills at the Harvard Model Congress and the National Young Leade
Conference. In 1997 she earned the Ingham Fund Scholarship. She is a tireless scholar who will graduate
a member of *Cum Laude.* A proud proctor of Boynton House, she also served on the Discipline Committe
This Spring she set the school record in the pole vault and she won the Ambrose Speaking Contest. She

Evan Michael Trent

Mercer Art Prize

In 1982 Kittie and Tom made possible the Mercer Art Prize as a means for recognizing talent and performance in the field of art. It sets a demanding standard: exceptional creativity and originality by a senior who has completed with honor grades all available studio art and art history courses, and has participated in all relevant activities in search of artistic awareness and proficiency.

This student has established himself at GDA as a unique and talented individual. His interests and dedication to the arts are strong. For the last two years, he has totally immersed himself in the study of clay and sculpture, producing work that is highly sophisticated and sensitively made. He was last year's recipient of the Junior Ceramic Award.

John-Mark Harris

The Thespian Award

The Best Thespian Award was first made in 1971. It is awarded for meritorious work in the field of dramatics, for inspiring participation, for providing leadership and developing theatrical knowledge and abilities.

Without Kelly Barry's flash, without Jacob Chase's singing, without Liz Duggan's thunder, without Emily Harris's wit, without Sarah Koken's elegance, without Kasia Newman's wisdom, without Phil Venturelli's passion, without Kaela Weinbrandt's art, and without Peter Wesson's craft, there is no stage for all our world. One senior, however, is the complete professional on both sides of the footlights.

His attitude is always: "whatever is needed or wanted, and i can do it, I will do it, or we will figure out a way to do it." In three years he has designed and "hung lights" and run the light board and sound for every concert and play on campus. He meets and works with visiting performers who then would like to hire him and bring him on tour. He has designed computer films and sound effects for shows, spending uncomplaining long hours executing them. He has an actor's sixth sense of timing light and sound cues: a skill which cannot be taught.

He is a talented actor too. He displays range and freedom in his body and in his voice. He is a gifted mimic and a solid stage presence. His performance as the Marquis de Sade in our fall production of "Marat/Sade" was mesmerizing and electrifying, and his victor in private lives this spring was captivating. He made it appear effortless.

Evan Trent is Governor Dummer's consummate artist.

Evan Michael Trent

The Barriskill Prize

The James M. Barriskill Prize, established in 1960 by the students in memory of Mr. Barriskill of the faculty, is awarded annually to that member of the senior class who has made an outstanding contribution in the field of music at the Academy.

As a member of a class which has established new levels of excellence in music, they have brought us much joy and they have inspired those who will follow. The winner of this year's Barriskill Prize for music has never played or sung a note on stage, but she has produced more music than any student in the Academy's history. She started as a freshman by organizing and producing concerts of quality and she never stopped. Producer of the Year last year, she has successfully run the music Guild for two years and has involved more and more students in these remarkable concerts. For all her energy, creativity, vision and organization, the winner of the 1998 Barriskill Prize is

Jacqueline Marie Downing

The Peter Marshall French Memorial Trophy

The French Memorial Trophy has been given by his sister in loving memory of Peter Marshall French. It is inscribed each year with the name of a student at any level whose perseverance, sportsmanship and generous spirit on the playing field, regardless of distinction as an athlete, represent the highest standards of participation. An inscribed scroll accompanies the trophy.

As a letter winner in football, ice hockey and lacrosse he played a key role in the success of each program. In hockey, he was a tenacious competitor who lifted the spirit and abilities of those with whom he played. His contributions on the football and lacrosse field were remarkable considering that he never played either sport until he entered Governor Dummer in the fall of his junior year. His determination, desire to improve and commitment to his teammates have constantly impressed everyone he is around. He has represented himself and our school with the highest degree of class and sportsmanship. His spirit and character allow him to be a most fitting recipient of this award.

Timothy Shaun Flaherty

The Edward J. Rybicki Prize

The Edward J. Rybicki Prize is presented to the graduating senior who, as a member of the staff of *The Governor*, best demonstrates the qualities found in the teacher for whom the Prize is named: selflessness, sense of humor, responsibility toward the welfare of others and the courage to live by a strong set of personal beliefs.

Despite looming deadlines, computer malfunctions, and numerous re-writes, he has been responsible for getting *The Governor* to press time after time, in his unassuming and determined manner. He has been the "details" man this year, balancing perfectly with the creative talents of his staff: he has provided his own creativity to the website, publicity and technology of the newspaper. He is leaving behind a high standard of hard work, innovation, determination and loyalty for next year's editors to meet.

Eric Seth Blair

Varsity Blazers

Blue blazers with the Governor Dummer Acdemy seal were presented to two seniors who achieved the varsity level in each season for their four years at the Academy. Dave earned his varsity letters in cross country, wrestling and track, while Robyn earned hers in field hockey, ice hockey and lacrosse. To attain and maintain the varisty level of play in the ISL is a great accomplishment, and both recipients stand honored for their skill and dedication.

Anthony David DiCicco
and
Robyn Michelle O'Reilly

The Goodwin Athletic Prize

The Goodwin Athletic Prize, established by Mr. Fred H. Goodwin of the Class of 1916, a trustee of the Academy from 1916 to 1949, is given to that senior boy who, by his athletic achievement and sportsmanship, has brought the greatest honor to his school during the past year.

It is hard to tell by his modest demeanor that this hard working senior is one of the top ranked high school athletes in the country. In soccer, he was a two time varsity letter winner earning second team All-League honors in 1996. He was a three year letter winner in track and team MVP in 1996 and 1997. He won the League Championship in the shot-put and discus in '97 and '98 and was selected as the ISL outstanding field event competitor in each of those years. This spring he helped the men's track team win the New England Division III Championships by winning the shot put, discus, high jump and running the anchor leg of the 4 x 400 meter relay.

He will be best remembered for his accomplishments on the basketball court where he was a three year All-League selection and League Co-MVP this past winter. He led his team to the New England Tournament all three seasons and a New England Championship in his senior year and is a first team All-American. He will attend UCLA next fall. He has brought great honor to the school over the past three years with his talent, sportsmanship and accomplishments.

Daniel Gadzuric

The Anne Marie Murphy Athletic Award

The Anne Marie Murphy Athletic Award is given annually at Commencement time to that senior girl who, by her example and her achievement in athletics, has brought the greatest honor to her school during the past year.

A three year letter winner in both cross country and track, she will be remembered as one of the most accomplished distance runners in school history. In a sport that emphasizes individual achievement this modest senior has always placed the goals of the team ahead of her own. In cross country she was team MVP in each of her three seasons and co-captain her senior year. She earned All-League honors in 1996, 1997 and 1998 as well as being the "All-Scholastic" selection in each of those three years. In her final meet she won the 800, 1500, 3000 meter races at the New England Championships. She set new school and meet records in all three events as she helped her team place second in the New England Championships. She was undefeated in regular season meets over her career and set course records at eight schools across New England. In track she was a three time MVP and Gilbert Distance Running Award recipient. She has won six individual ISL Championships and five New England Division III Championships in the 800, 1500, 3000. The Boston "Globe" may have said it best in its write-up on the occasion of her third consecutive "All-Scholastic" award: "over the past three seasons the ISL cross-country circuit can be divided into two groups: Claire Shearman and everybody else."

She has set a standard for leadership, sportsmanship, and achievement that will challenge others for years to come.

In Loving Memory...

The tide recedes but leaves behind
bright seashells on the sand,

The sun goes down, but gentle
warmth still lingers on the land,

The music stops, and yet it echoes on in
sweet refrains...

For every joy that passes,
something beautiful remains.

Mrs. Colgate's long struggle with cancer ended sadly, on November 28, 1997. She will be greatly missed.

...They will be missed.

Things have gotten kind of hazy;
My ears miss some familiar sounds.
I look at the blank space on the wall
Because the picture's been taken down.

Now, I'll try to tell it like it is,
And I'll try to leave out any needless words.
I'm singing with the hope that he'll be listening.
Am I alone or being heard?

Why don't you come on down and stay awhile?
Teach us one more time to smile.
Lead us through this melancholy dream.
Can you hear them? Can you hear me?
Can you see the tears of tragedy?
Or is this the last time to speak?

Do you think that you could help me in my confusion?
Would you listen and tell me how it's going to be?
My thoughts are fogged by mists of disbelieving;
Crowded streets feel desolate and empty.

Where's the light you held to help us see
The truth despite this world of lies and cons?
It's our turn now to teach your words of kindness.
Your ideals are left for us to carry on.

~ Jesse Soursourian, "To A Friend Departed"

On July 3, 1997 Mr. Liske peacefully departed from our community.
He will be greatly missed.

Strangers once, we came to dwell together,
Sons of the Governor, tried and true.
Now we're bound by ties that can not sever,
All our whole life through.
Gather closer, hand to hand:
The time draws near when we must part:
Still the love of Byfield days will linger,
Ever in each heart....

Thank You to everyone that helped us put this book together:

So now, we have come to the end of another year. For the class of 1998, this has been our last year together. Now, we must move on, never to be all together again. However, we will use what we have learned here at GDA as a foundation for the future. We have stories to tell, and memories to share that will echo forever as remnants of our past. As the years unfold before of us, we must hold on to all we experienced during these four years. We must discover the wonder of departure: as we grow older and look back into the recesses of our memory, we will remain eternally young with the people we loved and grew with. "We will stay forever this way. You're safe in my heart and my heart will go on and on" (Celine Dion).

Good Luck! We love you all, it's been a time.

~ Elle and Alicia

... So pass the ancient milestone by,
And lift the Senior Song on high;
Around the ancient milestone file,
For we have yet a little while
*To linger_youth, and you, and I_*

"Men in Black," starring Will Smith and Tommy Lee Jones, was the blockbuster movie of the summer. The science-fiction comedy about federal agents battling extraterrestrials won the Oscar for best make-up.

The WNBA made a name for itself in its inaugural season with the backing of the NBA and a catchy slogan, "We Got Next!" The league consisted of eight teams in the NBA's largest markets, such as New York, Los Angeles and Houston. In the first WNBA Championship Game in August, the Houston Comets beat the New York Liberty, 65-51.

A multi-billion-dollar settlement between the tobacco industry and the attorneys general of 40 states was reached in June. In exchange for immunity from future legal action, the industry agreed to pay $360 billion over the next 25 years to smokers and states to compensate for health costs related to smoking. Also included in the settlement was a ban on most cigarette advertising, especially advertising directed at children. As a result, Reynolds Tobacco Co. was forced to retire Joe Camel, the flashy cartoon character blamed for luring kids to smoke.

Union workers for United Parcel Service went on strike for 16 days in August, crippling the world's largest package delivery company and wreaking havoc on virtually everyone in the business world and their customers. The strike, which involved 185,000 members of the Teamsters' union, was the largest in the United States in more than a decade. It was caused by UPS's increasing reliance on part-time workers and was ultimately resolved by the creation of 10,000 new full-time jobs.

Mir, the 12-year-old Russian space station, experienced several mishaps during the year, the worst of which was in June when an unmanned cargo ship crashed into Mir, leaving a gash in the pressurized vessel that was responsible for a substantial power loss. In January, American astronaut David Wolf floated outside the Mir on a mission to examine the outer hull. The aging complex is a test-bed for the international space station Alpha, components of which will be launched in 1998.

Mike Tyson **displayed a raw savagery** that sickened even the most die-hard boxing fans when he bit off pieces of not one, but both, of Evander Holyfield's ears during their heavyweight title bout in June. By the third round, Tyson had become frustrated and at some point discarded his mouth piece. Soon after, he took a bite out of Holyfield's right ear and then, after a penalty, bit his left ear, causing the referee to disqualify him. In July, Tyson's boxing license was permanently revoked and he was fined $3 million. ✦ Italian fashion designer Gianni Versace, 50, **was gunned down** in July outside his South Beach mansion in Miami by serial killer Andrew

The Mars Pathfinder, carrying the rover Sojourner, made a historic journey to our planetary neighbor in July, collecting fascinating and useful information. In October, scientists announced that Mars, like the Earth, has a crust, a mantle and an iron core, making it likely that the planet once had water on it. Initially, Pathfinder's mission was planned to last 30 days, and Sojourner was only expected to run for a week. But the batteries held out, and the mission continued for three months, sending back 2.6 billion bits of information and 16,000 images.

The British colony of Hong Kong officially ceased to exist on July 1, when, after 156 years of colonial rule, the economically sound territory was returned to Beijing's control. The handover took place without incident, but it caused concerns about whether China would suppress the human rights of Hong Kong's 6.4 million people. Many residents have since noted with relief that, for the most part, their daily lives had not changed and the economy remains strong.

Many blamed the paparazzi for causing the tragic accident that killed Princess Diana. The car she was riding in crashed following a high-speed chase with photographers on motorcycles. Some of the blame was later placed on Diana's chauffeur, Henri Paul, when an autopsy revealed he was more than three times over the French blood-alcohol limit for driving.

Millions watched Sept. 6 as the royal family bade farewell to their princess. The coffin containing Diana's body was transported to a memorial service at historic Westminster Abbey by horse-drawn carriage. Celebrities and dignitaries attended the service, which was televised internationally.

El Niño was responsible for record rainfall amounts in California as storm after storm drenched the Pacific coast, causing widespread flooding and landslide damages. Swollen rivers caused several roads to collapse, leading to costly destruction and several deaths. In 1982, the last time El Niño surfaced, an estimated $13 billion in damages was recorded worldwide. Experts believe damages this time around would be far worse.

El Niño-driven tornadoes walloped parts of central Florida in late February, killing more than 30 people and destroying hundreds of homes and businesses. As many as 12 tornadoes were recorded, one of which measured 200 yards wide with winds of 150 to 250 miles per hour. At the height of the storms, it was estimated that nearly 140,000 people lost power.

Rollerblading in February is not usually popular in Buffalo, N.Y. But with the effects of El Niño, Buffalo experienced unseasonably warm temperatures during most of the winter months. El Niño, the mysterious weather phenomenon that occurs every two to seven years, was predicted to be the "climate event of the century." Although residents of Buffalo might disagree, El Niño's return in 1997 was largely unwelcome.

In mid-March, a winter storm on the heels of an El Niño-related warm front dropped as much as 20 inches of snow and ice on areas of the Northeast and was responsible for more than 10 deaths. The swirling snow and bitter winds of this classic "Nor'easter" came after weeks of mostly mild temperatures, also credited to El Niño.

Conventional wisdom was that Chernomyrdin was destined to be Russia's next president, but Yeltsin's move threw wide open the race to elect his successor in the year 2000. ✦Loyal **football fans in Cleveland** rejoiced in March when the NFL passed a measure to bring back the Browns. The city, which lost its team in 1996 when it relocated to Baltimore, will field an expansion team in the 1999 season known again as the Cleveland Browns.
